

AGRO

Cultivos Pérez Guisado, SLU.

WHO ARE WE?

ABOUT US

We are a familiar enterprise dedicated to the production and exportation of garlic and exotic fruits, that cares not only about the quality of their products, but also about their clients.

OUR PRODUCTS AND SERVICES

We offer all types of garlic in bulk, parcels for supermarkets, as well as products for the HORECA Channel (acronym that serves as abbreviation for the unity of three different terms: 'Hostelería (hostelry), Restaurantes (restaurants) and Catering'). We also offer all kinds of exotic fruits, as for instance Passion fruit, Dragon fruit and Kiwi. Furthermore, we continue working everyday to incorporate new products that will satisfy your necessities.

OUR FIRST CONCERN IS OUR CLIENTS

In our family and enterprise, the most important value is constituted by our clients, and for that reason, we care about you as if we were a big family.

WE CARE ABOUT YOUR BUSINESS!

WE GUARANTEE THE QUALITY OF OUR PRODUCTS!

Our enterprise guarantees the best quality of our products to you and your clients. This quality is achieved through the application of different criteria in our work:

- A careful treatment of the products since its production to its packing and distribution.
- An exhaustive control through International quality protocols, as for instance Global Gap, and an internal control of all our clients's expeditions that certifies our professionalism.

Do not hesitate to take a good decision! your clients will be satisfied and grateful with our work and services.
